

Career Opportunity - Merit Selection Teaching Positions for 2007

Tuesday 29th August. Venue: Centre for Inclusive Schooling, Hale House 5.00 PM – 6.30 PM.

This seminar will provide information on the role of Visiting Teachers and Support Officers (Learning Difficulties). It will provide information about career opportunities in inclusive education teams at district level and in specialist teams at the Centre for Inclusive Schooling. Participation is free. Refreshments provided.

Clicker 5

Friday 8th September. Venue: Centre for Inclusive Schooling, Hale House 9.00AM - 3.00 PM.

Clicker is a powerful yet easy-to-use writing support and multimedia tool that enables children to write with whole words, phrases or pictures. It is also a powerful tool for creating multimedia presentations which can be enhanced with digital photographs, sounds and video. Basic computer skills are essential for this workshop.

Strategies for Teachers and Educational Assistants working with Students with High Support Needs

Friday 8th September. Venue: Centre for Inclusive Schooling, Hale House 9.00AM - 3.00 PM.

This workshop will assist the classroom teacher and education assistant to effectively work together. Strategies will include working effectively as a member of a collaborative team in the development, implementation and evaluation of individual programmes to enable students with high support needs to achieve maximum educational outcomes. Emphasis will also be on the identification and development of relevant skills for individual students in the key learning areas of socialisation, communication and independence.

Reading Difficulties: Research into Practice

Wednesday 13th September. Venue: Centre for Inclusive Schooling, Hale House 9.00AM - 3.00 PM.

Target Group: Classroom Teachers Yrs 4-9

Have you ever wondered how to apply the latest reading research in your classroom? This interactive session will provide an opportunity for you to explore current reading research and links to reading success. Topics such as reading comprehension and metacognitive learning will be explored.

Transition to Schooling

Wednesday 13th September. Venue: Centre for Inclusive Schooling, Hale House 7.00 - 9.00 PM.

This information night is for parents of children with Autism Spectrum Disorder who are starting kindergarten, pre-primary or Year One. The session will provide information on inclusion as well as strategies and resources to support children in transition to schooling. Representatives from other agencies will provide information on support services.

POWER POINT

Friday 15th September. Venue: Centre for Inclusive Schooling, Hale House 9.00AM - 3.00 PM.

Power Point can be used as a versatile and extremely effective teaching tool. Participants will learn how to make a variety of interactive teaching resources to suite individual student needs.

Clicker 5

Friday 22nd September. Venue: Centre for Inclusive Schooling, Hale House 9.00PM - 3.00 PM.

Clicker is a powerful yet easy-to-use writing support and multimedia tool that enables children to write with whole words, phrases or pictures. It is also a powerful tool for creating multimedia presentations which can be enhanced with digital photographs, sounds and video. Basic computer skills are essential for this workshop.
